

# Rolling your own seed words — the method

This sheet explains how to use the table on the following pages. The full procedure, including what to do with the words once you have them, is at [bitcoinkeys.guide/roll-your-own-seed](https://bitcoinkeys.guide/roll-your-own-seed) — read it before you begin. Do not work from this sheet alone.

## What you need

One six-sided die, one coin, pen and paper. No computer, no phone.

## For each word

1. **Throw the die 5 times. Reroll every 5 and 6** — they do not count and are not written down. Keep throwing until you have 5 results that are each 1, 2, 3 or 4. This is why no entry in the table contains a 5 or a 6.
2. **Flip the coin once.** H is heads, T is tails. The coin is not optional: the die gives ten of the eleven bits a word needs and the coin gives the eleventh. Always taking the same side halves the randomness of every word you pick.
3. **Find your word.** Blocks are headed by your first 3 throws. Find that block, then read down to the line matching your remaining 2 throws and your flip.
4. **Write the word down, in order, by hand.** Never type it, photograph it, or read it aloud in earshot of anything with a microphone.

## How many words

Twenty-three words for a 24-word seed, or eleven for a 12-word seed. **You do not roll the last word.** It carries a checksum that has to be calculated, and your hardware wallet does that for you — the procedure on the site explains how, for each device.

## Two things worth knowing

**This table holds no secret.** It is the standard BIP-39 word list in a fixed order, and anyone can regenerate it. Printing it, photographing it or keeping it on a phone is harmless. Your *throws* and the *words* they produce are the secret, and those never touch a screen.

**This is the same method and the same table BitBox publishes** for its own devices. We generated ours independently from the word list and checked all 2,048 entries against theirs: every one matches. Either table gives the same word for the same throws — but use one table for a whole seed, not a mix.
